

Purvis Industries is growing and is seeking motivated individuals for Welder Fitter opportunities in the St. Louis area.

Qualified individuals must meet the following requirements:

- Needs to have the knowledge and ability to layout, fit, and fabricate steel components to assemble structural forms. Products will include conveyors and other general fabricated parts.
- Must to be able to read blueprints and fabricate from them. Need to be able to use a straightedge, combination square, calipers, and ruler.
- Welding techniques includes Flux, Mig and Tig.
- Must have the ability to cut steel using powered saws, torch, and plasma cutting.
- Must have the ability to operate a fork truck safely.
- Need to be able to install and repair equipment.
- General mechanical knowledge required.
- Must have the ability to travel (locally) and perform work on customer sites.
- Must have the ability to work overtime, as needed.
- Prior experience required. (3 – 5 years)
- Welding test required.

### Physical Requirements

- Employee must be able to lift product up to 30 pounds on a daily basis.
- Ability to use a two-wheel dolly and 55-gallon barrel drum mover.

### Other Requirements:

- Looking for individuals who are seeking long-term employment and not someone who is content doing only temp assignments.
- Dependability and reliability a must.
- Purvis Industries, whenever possible, likes to promote from within – we are looking for someone who is motivated and would be open to new challenges if presented.
- Must be clean cut - no earrings for males, no visible tattoos. Well-groomed facial hair.

- High school graduate (GED not acceptable)
- Clean background and driving record
